From the Chief Inspector of Mines & Explosives No 1568 dated 2/2/36 — 2

Recommends the deputation of Mr. K. Duraiswami, Inspector of Mines, to South Africa.

16) Submits with reg to the 2nd member's minute dated 29/11/35 (Para 3) above.

17 The Chief Inspector considers it desirable for a State Inspector of Mines to acquaint himself with the methods of mine inspection and precautions taken to prevent accidents in South Africa. Mr. Duraiswami desires to go to England also (for a period of 3 months after finishing his training in South Africa for 6 months. The Chief Inspector considers that institutions at Modderfontein near Johannesburg may be visited by with advantage instead of going to England.

18 The period of deputation will be about six months. During his stay in Africa, his headquarters will be Johannesburg. A special allowance of £1/- per day is said to be necessary owing to the Costliness of living in the Union of South

27 As it is desirable to train an officer to be in charge of the Mining Department when Mr. Suryanarayana Rao retires, the deputation of the officer to foreign countries may be necessary. But in the present financial condition, expenditure on account of such deputations should be as low as possible. I agree with the Development Secretary that the officer need not be sent to England and it is sufficient if he is deputed to South Africa. The period of deputation is proposed to be fixed at 6 months. Whether a shorter period (say, 3 or 4 months) would not be sufficient may be considered.

28 As regards rates of T.A., it is to be stated that this officer is entitled to only 2nd Class Railway fare

Final Note by the Second Member of Council. 9

Subject.—

Deputation of Mr. K. Duraiswami Iyer, Inspector of Mines, to South Africa for training in modern methods of mining work, etc

44 Mr. C. E. Suryanarayana Rao, Chief Inspector of Mines and Explosives, attained the age of superannuation in March 1934 and the extension of service recently granted to him expires in March 1937. It is considered desirable that Mr. K. Duraiswami Iyer, Inspector of Mines, who is likely to succeed Mr. Suryanarayana Rao when the latter retires, should be trained in modern methods of mining work and practice in some of the important gold mining centres, specially in South Africa. It is accordingly proposed to depute Mr. Duraiswami Iyer to South Africa for training for about six months. The cost of the deputation will be about Rs.5,000.

45 The Dewan and the First Member of Council have agreed to the proposal which is submitted for His Highness' gracious sanction.

Requests that a first class single berth Cabin if possible may be booked for Mr. Duraiswamier in the SS 'Tsitsipso' sailing from Madras on the July 8th, the port of disembarkation being Durban on July 28th etc.

2 Subject with reference to para 1 above the recommendation of the Chief Inspector is,

(2) that an advance of Rs 1000/- may be paid out of the deputation grant of Rs 5000/- may be placed at the disposal of Mr. Duraiswamier, the balance being transferred to his credit at the Standard Bank of South Africa Ltd, Johannesburg,

(3) that a letter of authority permitting him to operate on the fund may be issued to him;

(4) that the equipment grant of £. 257/— may be paid to him.

An additional sum of Rs 5000 has been provided in the next year budget in connection with the deputation. The details thereof are given in the Chief Inspector's letter of the 2nd Feb 1936. The amount could be made available only next year. It is not known whether the advance, if asked for is required this year or next year if Mr Dharmaraja leaves India on the 8th July. If it is the former, there is no provision in the current year's budget to which this expenditure could be debited. Whether it is possible now to include the sum to the extent required now out of the demand for £. 5000/— in the list of additional grants to be placed before the ensuing Legislative Council for voting is a point for consideration. If it is not possible the journey may have to be postponed to the 8th of August next year. The Indian African

Secretary to the Government of His Highness the
Maharaja of Mysore, Development Department,

Sir,

With reference to correspondence ending with your D.O. letter No. 4484, dated 24-1-1936, I have the honor to state that a comparative study of the administration of the Mines Regulations and the methods of inspection prevailing in foreign countries where metal mining is being carried ~~out~~ on at great depths as is done in this State, ~~it~~ is essential for the State Mine Inspectors to increase their knowledge of technique and administrative effciency. The only country in the world where the mines have attained depths comparable to those of the Kolar Gold field is Transval where the administration of mines is being carried on in a most efficient manner. The various problems connected with mining operations are common in both the countries. It is therefo very desirable for a State Inspector of Mines to acquaint himself with the methods of mine inspection and precautions taken to prevent accidents in South Africa.

Mr. K. Duraiswamier, who has been working in this Department in various capacities since September 1920, has been carrying on mine inspection work for over 13 years, but his knowledge is confined to Mysore State. In the interests of the efficiency of the Departmental work, it is necessary that he should be deputed to foreign countries especially South Africa, for a period of at least six months to improve his knowledge of administration of mining laws, etc. After spending a period of 6 months in Africa, he desires to go to England

~~8~~ England for a further period of 3 months to study the Explosives Acts, Petroleum and Carbide Regulations with special attention to manufacture, packing, transport and storage.

3 There is a big factiry at Modderfontein near Johannesburg where large quantities of explosives are manufactured and supplied to the South African Mines. There is also a carbide manufactory in the Country. These institutions may be visited with advantage instead of going to England for the purpose.

4 Under the Imigration Act, no Asiatic is allowed in South Africa without a special permit. I therefore request that Government may be pleased to make the necessary arrangements for his landing in the Union and touring the mining districts for purposes of his study.

5 During his stay in Africa, he will have to make Johannesburg his headquarters and from there he will have to tour the districts for inspecting the various mines. Owing to the costliness of living in the Union of South Africa a special daily allowance will have to be sanctioned to suit his status. The probable cost of the deputation will be as follows :-

Railway fare to Bombay and steamer fare to Durban, the port of landing in S. Africa, 1st class-	£ 350/-
Railway fare from Durban to Johannesburg ----	£ 5/-
Cost of itinerary in the mining districts ----	£ 75/-
Daily allowance at £1/- per day, excluding the days spent on the boats for about 140 days.	£ 140/-
Return journey from Africa to India ----------	£ 60/-
Equipment grant --- --- --- --- --- --	£ 25/-
Total - - -	£ 365/-

6 At present rate of exchange £ 365/- amount to Rs. 4,866.10.8 This estimate can only be very rough and a slight variation may be anticipated. A lump sum of Rs. 5000/- may be sanctioned subject to production of accounts in due course.

9 I strongly recommend the deputation of Mr. K. Duraiswmer to South Africa and it is hoped that he will make the best use of the the opportunity given to him and prove himself an efficient officer of the State. The expenditure proposed is modest and Government may be pleased to pass early orders in the matter to enable Mr. Duraiswam to book his passage and make the necessary preparation for leaving

Duraiswamier, K.-deputation of - by Mysore Government - South Africa - mining.

I am directed to forward a copy of letter from the Resident in Mysore No.F.530-36/R.O.II dated the 31st March 1936 and enclosure and to request that the Government of India may be informed of the facilities, if any, which could be obtained for Mr. K. Duraiswamier in connection with his proposed visit to South Africa for training in modern methods of mining work and practise in the important Gold mines in the Union. The Government of India will also be glad to be informed if the Minister of the Interior would, in view of the fact that Mr. Iyer is a responsible officer of the Government of Mysore, be prepared to waive the collection of the deposit fee prescribed for temporary entrants into the Union. The matter may kindly be treated as urgent as Mr. Duraiswamier wishes to leave India about the middle of May.

Dear Sir,

We have to thank you for your letter of yesterday's date and have pleasure in enclosing schedule of the Indian African Line sailings from Madras to Africa from which you will see that this Company will have a sailing of their M.V."Incomati" on June 8th and s.s."Isipingo" on July 8th. These are sister ships and can be considered very comfortable. The M.V."Incomati " in June is heavily booked and at the moment no single berth cabin is available. It may be possible to obtain this by the s.s."Isipingo" but if you will let ushave your instructions in regard to either sailing, this matter will receive our immediate attention and we will obtain the best accommodation available.

Any additional information you may desire, we shall be supply.

Yours faithfully,
for Thos. Cook & Son Ltd.

Dear Sir,

We beg to acknowledge receipt of your letter dated the 31st ultimo and suggest you avail yourself of a round trip ticket Madras-Africa-England-India, which will permit your break of journey in Africa and in England. Those steamship lines participating in t the agreement for the issue of round trip tickets are:-

Madras-East or South African Section:	Indian African Line
South Africa-United Kingdom section :	Union Castle, Blue Funnel and White Star Line.
Europe-Colombo or Indian section :	P&O. Blue Funnel, Orient, Royal Dutch Mail Line, Aberdeen & Commonwealth and B.I.Lines.

Each line quotes half their return ticket rates for the particular section they serve. Owing to the large number of lines participating and the large number of grades of accommodation available, you will realise that there can be a large number of fares quoted for these round trip tickets.

As an indication of the cost of these round trip tickets and how such is made out, we give below one or two examples:-

ALL SAILINGS, FARES AND OTHER PARTICULARS QUOTED HEREIN ARE SUBJECT TO ALTERATION WITHOUT NOTICE, ANY SUBSEQUENT CHANGE OR ADJUSTMENT, TO BE MADE AT THE TIME TICKETS ARE SUPPLIED.

These round trip fares show a considerable reduction on the total of port to port fares.

We also send you our folder "Passage rates Colombo to East and South Africa" on the reverse of which you will find a synopsis of steamer services from South Africa to England. From this you will also note that the rail fares Durban/Johannesburg are £.4-9-3 first class and £.2-19-6 second class. We also invite your attention to the passport and immigration and vaccination regulations, which must be complied with by passengers proceeding to South Africa.

61

The Indian African Line maintain sailings from Madras about the 8th of each month.

We trust the foregoing together with our folder will give you an indication of what can be arranged and we now await the favour of your further communication.
